What kind of shops are there in your neighbourhood?

What kinds of things do you usually shop for?

The examiner will score your answer from the following aspects:

2. **How much vocabulary** you have and **how well** you use it;
3. **How many structures** you have and **how well** you use them;
4. How well you **pronounce** the language.

2. Read and learn the following key words and models for the IELTS Part 1. You are suggested to apply these words in the following steps. (4 minutes)

Key Words and Models

the early bird gets the worm

 Example: I often go shopping on my days off, which means I usually shop on the weekend. Although I do not particularly enjoy shopping on my days off, I find it is often necessary. Once It is the weekend, I will choose to finish shopping as early as possible as they say **the early bird gets the worm**.

from any standpoint

 Example: I live in a typical urban neighbourhood, which means there is an uncountable amount of shops that can be seen **from any standpoint**. I suppose I can name what appears to be two of the most popular types of shops in my neighbourhood. There are numerous clothing stores that offer everything from the latest fashions to the most obscure vintage apparel. Also, there are a copious amount of shops that sell consumer-grade electronics.

detergent

 Example: I normally shop for things like bare essentials. I will most often buy food and drinking products. And I will spend the bulk of my money on common household products such as sponges, dishwashing liquid, and **detergent**. Sometimes I will also buy various electronic goods such as batteries or extension cords; however, I rarely ever purchase these goods.

III. IELTS Speaking Part 2 (12 minutes)

1. *Brainstorm. Plan your answers based on the given questions. (1 minute)*

Describe a place you would like to visit.

- What is the name of the place and where is it?
- What kind of a place is it?
- What things would you do there?
- Why do you want to go there?

Tips: During the first stage of Part 2, you don't need to talk. Keep the questions in mind and think them over.

2.1 Here is a model for the IELTS Speaking Part 2. We will focus on the words and expressions highlighted and in red below. (8 minutes)

Model 1

The name of the place and where it is: I love travelling. Experiencing and learning the culture of various other countries and societies as it increases my depth of perception, and not only that but it's just fascinating. One place I've always wanted to visit would be Mauritius.

What kind of place it is: One frequently sees adverts and pictures of this island and that's how I learnt of it. This small, seemingly insignificant island off the coast of Africa is easily missed when we are **scanning over** the area on the map, but it's a world in its own when it comes to tropical paradises. The island itself takes on a doughnut shape with a shallow lagoon on the inside which extends beyond that of the island. This ends **abruptly** with a sharp drop into the depth of the Indian Ocean many hundreds of metres below.

What you would do there and why you want to go there: I'm certain I could make use of the surrounding seas for a range of activities. The pictures themselves **off** make me wonder whether they are formulated through Photoshop or other high tech wizardry. As for culture, I'm not entirely sure as to what remains of the indigenous ways after decades of expanding tourism causing the island to be overrun by international hotel chains. Nevertheless, this has not reduced its beauty and thus it still tops my list of places I would like to see.

You are required to talk for the full 2 minutes.

2.2 Imagine you are a candidate in the IELTS test. The teacher is an examiner. Please answer the questions below with what you have learned to develop your IELTS answers. (3 minutes)

Describe a place you would like to visit.

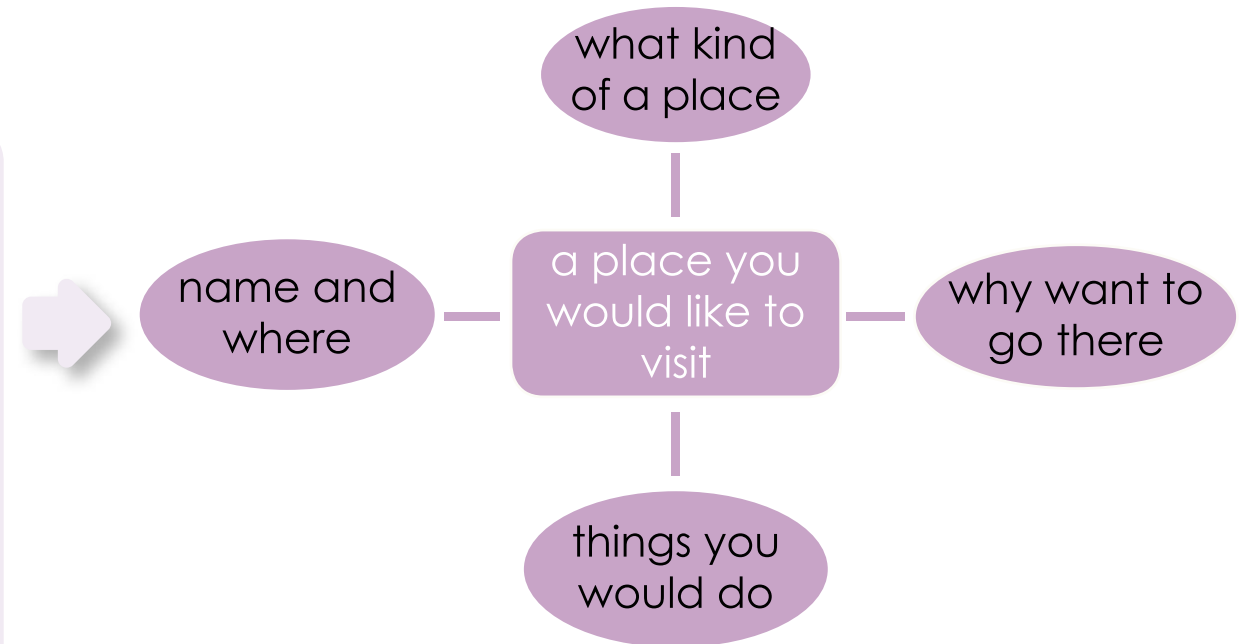

You should say:

the name of the place and **where** it is

what kind of a place it is

what things you would do there

and **explain why** you want to go there.

Homework: Please use the model for these two topics for further practice.

Describe a foreign country.

Describe an adventure.
