Unit 3 Places

Topic 6—Lesson 2(下篇)

A place you would like to visit

IELTS Speaking Part 2 (10 minutes)

You will be given one minute to prepare to talk about the topic on the task card. You will have to talk for 1-2 minutes, and then the teacher will give you feedback for 2-3mins. (5 minutes)

Describe a place you would like to visit.

You should say:

the name of the place and **where** it is

what kind of a place it is

what things you would do there

and **explain why** you want to go there.

Tips: During the first stage of Part 2, you don't need to talk. Keep the questions in mind and think them over.

2.3 Here is another model for the IELTS Speaking Part 2. We will focus on the words and expressions highlighted and in red below. (5 minutes)

Model 2

The name of the place and where it is: Moments in our lives **are comprised of** the places we have been to. They shape us like an invisible hand, from religion to political beliefs. I myself am fairly fond of travelling, though I didn't start until a relatively late age. It's the shock and wonder as you step out of immigration, having no doubt been **grilled** regarding every aspect of your life, into something just so different from the world you are accustomed to that gets me every time. A place that I have yet to have the joy of visiting though is Italy.

What kind of place it is: It's rather surprising that this little boot shaped country jutting out into the Mediterranean represents the pinnacle of the western culture for the last two centuries.

What you would do there and why you want to go there: However, Italy isn't just seeped in culture but also it's a bit of a production powerhouse when it comes to stylish **high-end** goods. Venture to the north into the plains just below the foothills of the Alps and you'll find factories dotted around the place churning out all the designers' 'made in Italy' clothing that eventually end up in a Harvey Nichols in London. Not only that but Italy is bursting with natural beauty seeing as it benefits from being adjacent to the Mediterranean. Venice is a prime example of this. Overall this makes Italy simply irresistible for travellers and me.

IV. IELTS Speaking Part 3 (10 mins)

1. Please answer the following question from Part 3. According to your answer, the teacher will give you feedback on how to improve your organisational skills. (5 minutes)

How to organise your answer in Part 3:

I: Introduction Sentence + **P:** Points(Point1, Point2...)

What are some reasons people travel?

I: I suspect people travel for many different reasons, but two of the main reasons seem to be for work and for vacation

P1: People often have to travel out of town on business, for instance, to attend conferences or to participate in important events, and occasionally they would even travel abroad for the same work-related reasons.

P2: As it pertains to vacations, people will travel because they need to get away from work, and need to experience a new environment if they are to **stand a chance** of relaxing.

2. You will learn some key words and expressions from these questions. Pay attention to the structure of the underlined sentences, and the words in red. (5 minutes)

Key Words and Models

Where do people from your country travel most frequently?

 As you know, China is a very big country with a diverse landscape, so many people in China will travel domestically. People tend to travel to the capital city, Beijing. On holidays this city is flooded with tourists from all over China that wish to see **remnants** of China's ancient past. Out of all the famous landmarks in China, I think people visit the Great Wall the most, as everyone considers it the most interesting man-made structure in all of China!

How can tourism negatively affect society?

 This depends on the location that tourists are visiting. Locations that have a sensitive eco-system may oftentimes be damaged by large amounts of tourists. These negative effects on the environment can then cascade into problems for local society as they mostly will depend on the land for **sustenance**. Take a country's forested area as an example. Tourists can degrade the land by constantly stomping across it and by leaving rubbish strewn along the ground, which damages the natural environment.

V. Summary (5 minutes)

Key Words & Expressions

be comprised of

grill

high-end

stand a chance of

remnant

sustenance

Key Sentences

Moments in our lives **are comprised of** the places we have been to.

It's the shock and wonder as you step out of immigration, having no doubt been **grilled** regarding every aspect of your life, into something just so different from the world you are accustomed to that gets me every time.

However Italy isn't just seeped in culture but also it's a bit of a production powerhouse when it comes to stylish **high-end** goods.

As it pertains to vacations, people will travel because they need to get away from work, and need to experience a new environment if they are to **stand a chance** of relaxing.

On holidays this city is flooded with tourists from all over China that wish to see **remnants** of China's ancient past.

These negative effects on the environment can then cascade into problems for local society as they mostly will depend on the land for **sustenance**.

The next lesson will be Unit 4 Topic 1 A gift that you have received that is important to you.
