Review 3

Look and read.

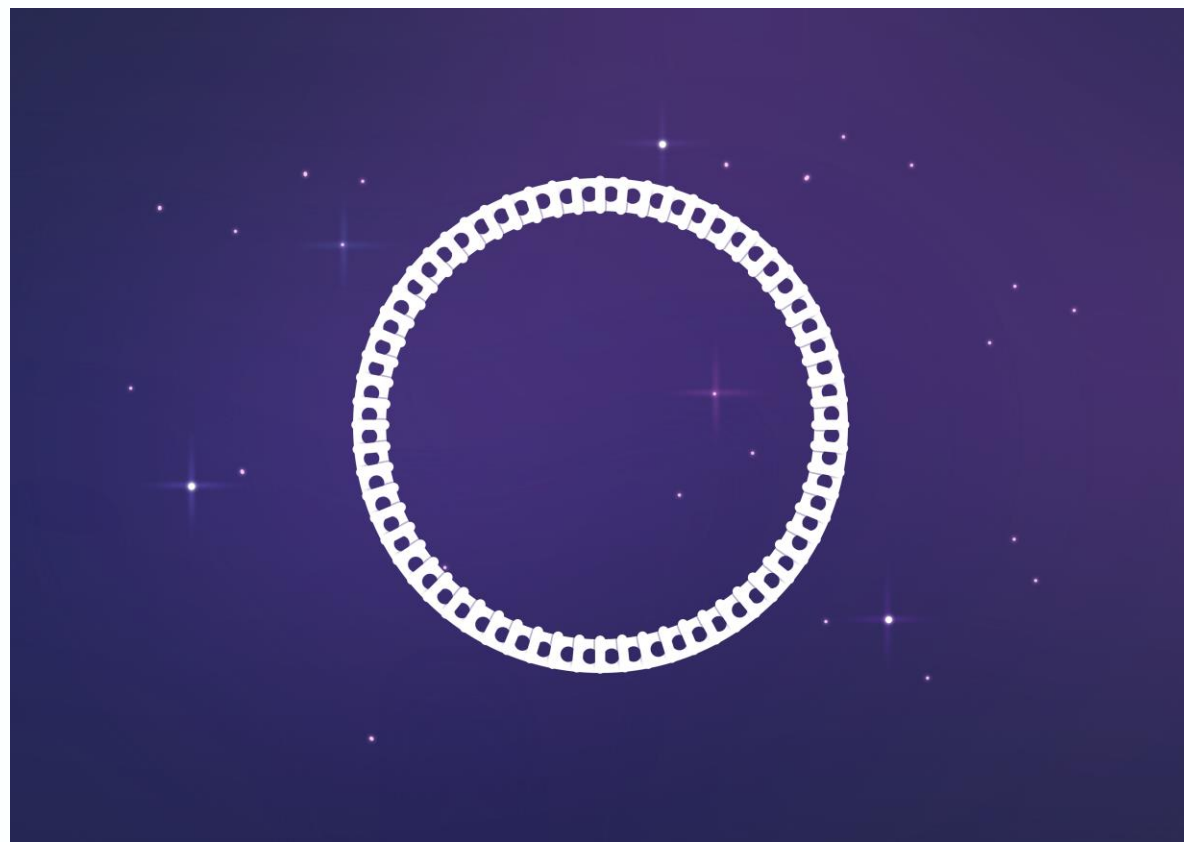

The dream catcher **is associated with** the Native American culture.

Native Americans believe that the dream catcher can catch all of your unhappy dreams just like a spider's web 🕸 catches worms if you hang it over your bed.

Review 3

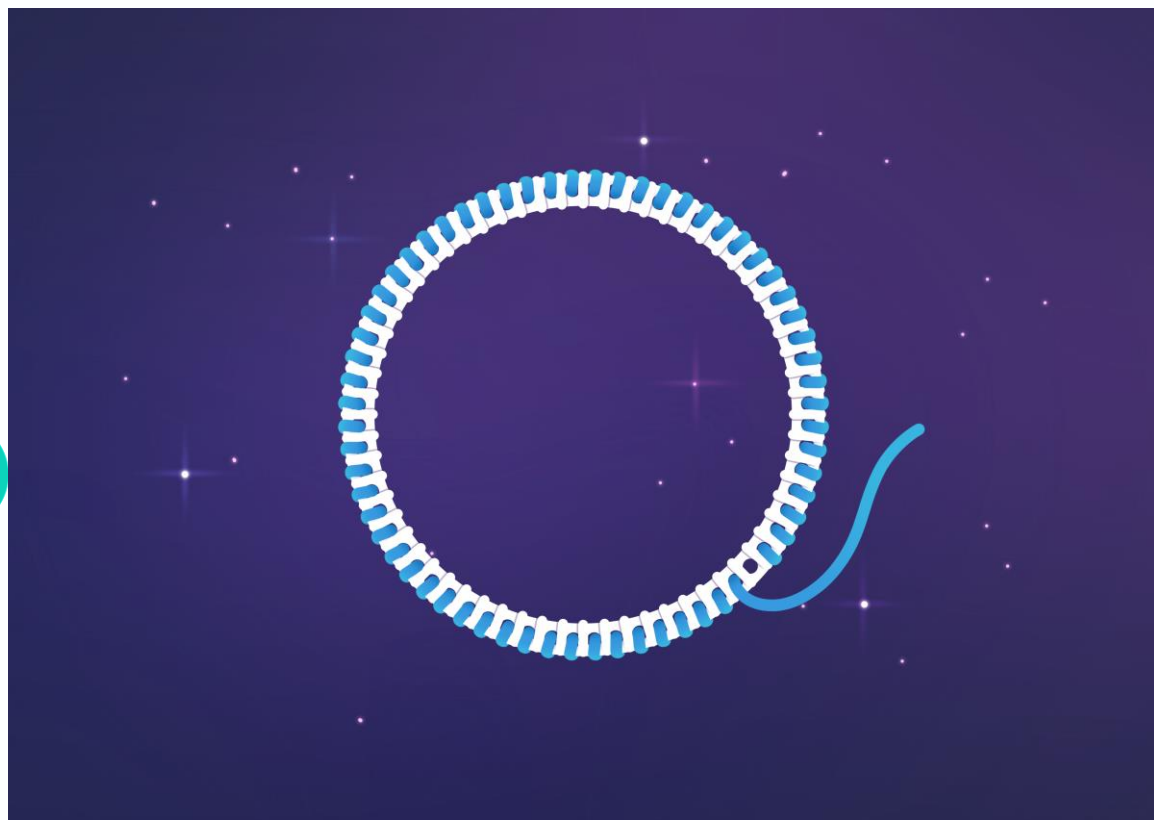

Look and read.

How to make a dream catcher? First, you need to **cut out the center** of a paper plate. Second, **make holes about 1 cm apart** around the plate.

Review 3

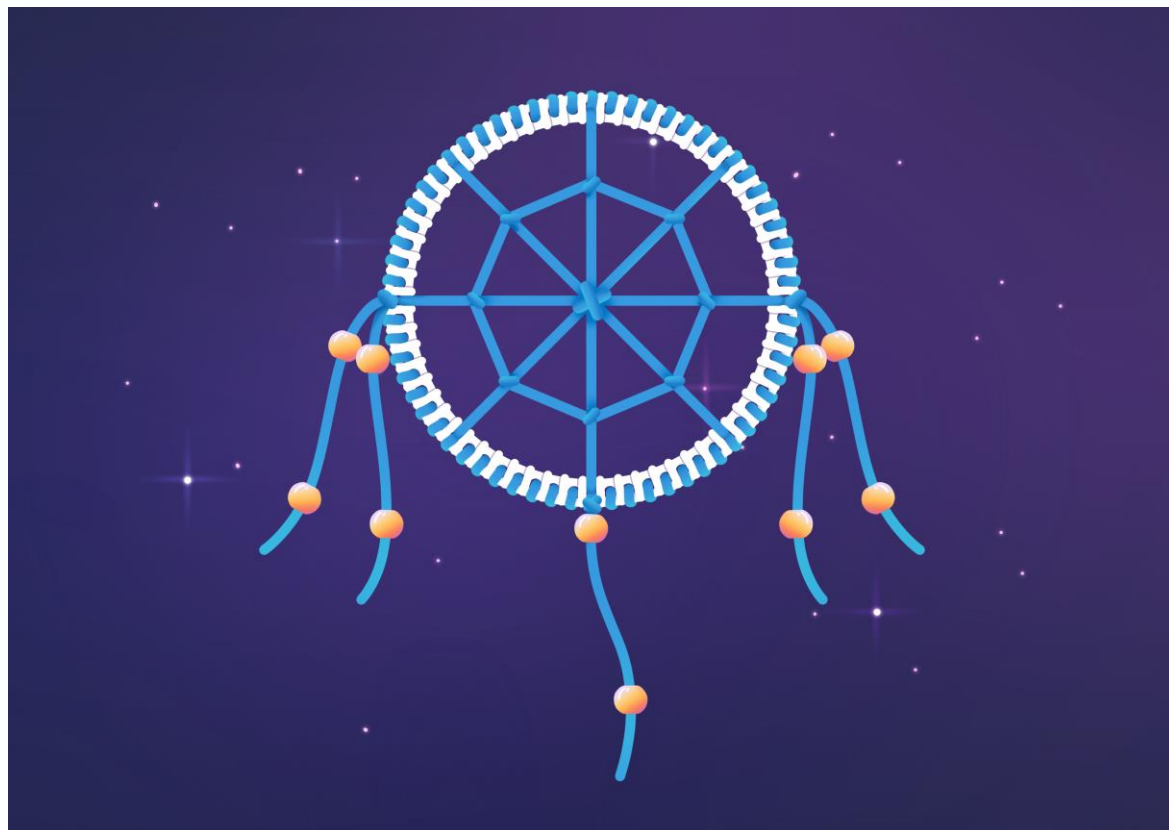

Look and read.

Put yarn into one hole. Then you can **weave the yarn** from hole to hole around the paper plate. You can use different colors of yarn to make the dream catcher more colorful.

Review 3

Look and read.

Now you can **weave across the paper plate**. Let a few pieces of yarn hang down from the plate. Then put some beads on the yarn. We are **getting close to the final step!**

Review 3

Look and read.

Finally, **tie some feathers to the yarn.** It's done!

You can now hang your dream catcher over your bed and it will **protect you from** unhappy dreams. Have a happy dream tonight!
