Rainbow Bridge 6

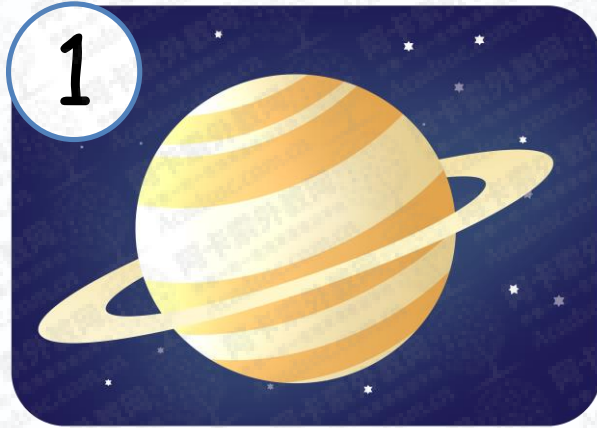

Unit 4 Lesson 9

The Blue Planet (2)

Part 1 Warm Up

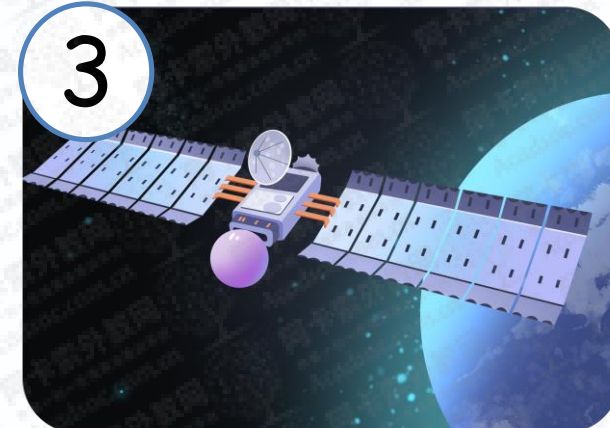

Look and say.

?

?

?

?

?

?

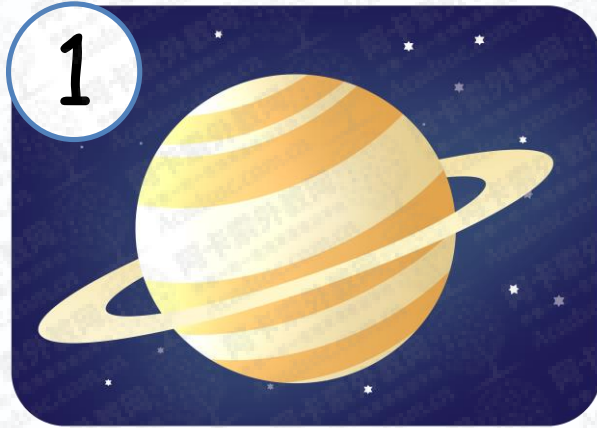

?

TI: Find the answers on the next page.

Part 1 Warm Up

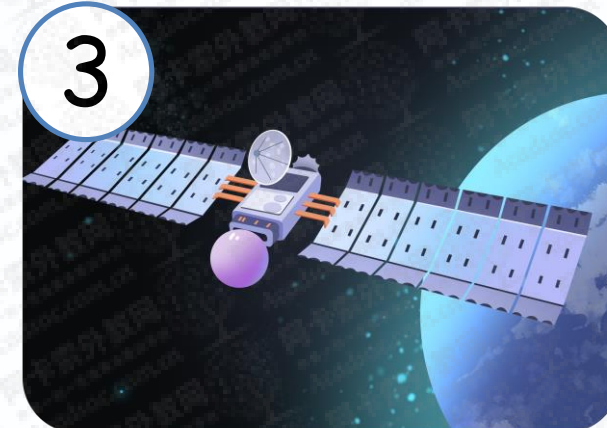

Key

planet

earth

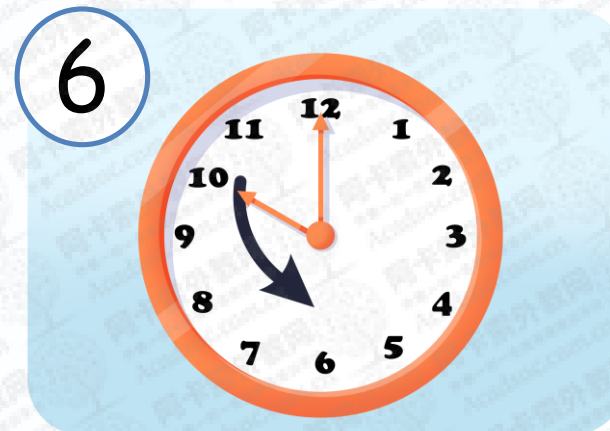

space

hurricane

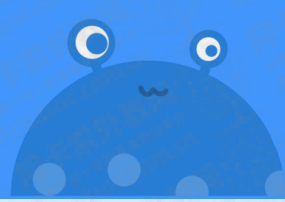

equator

counterclockwise

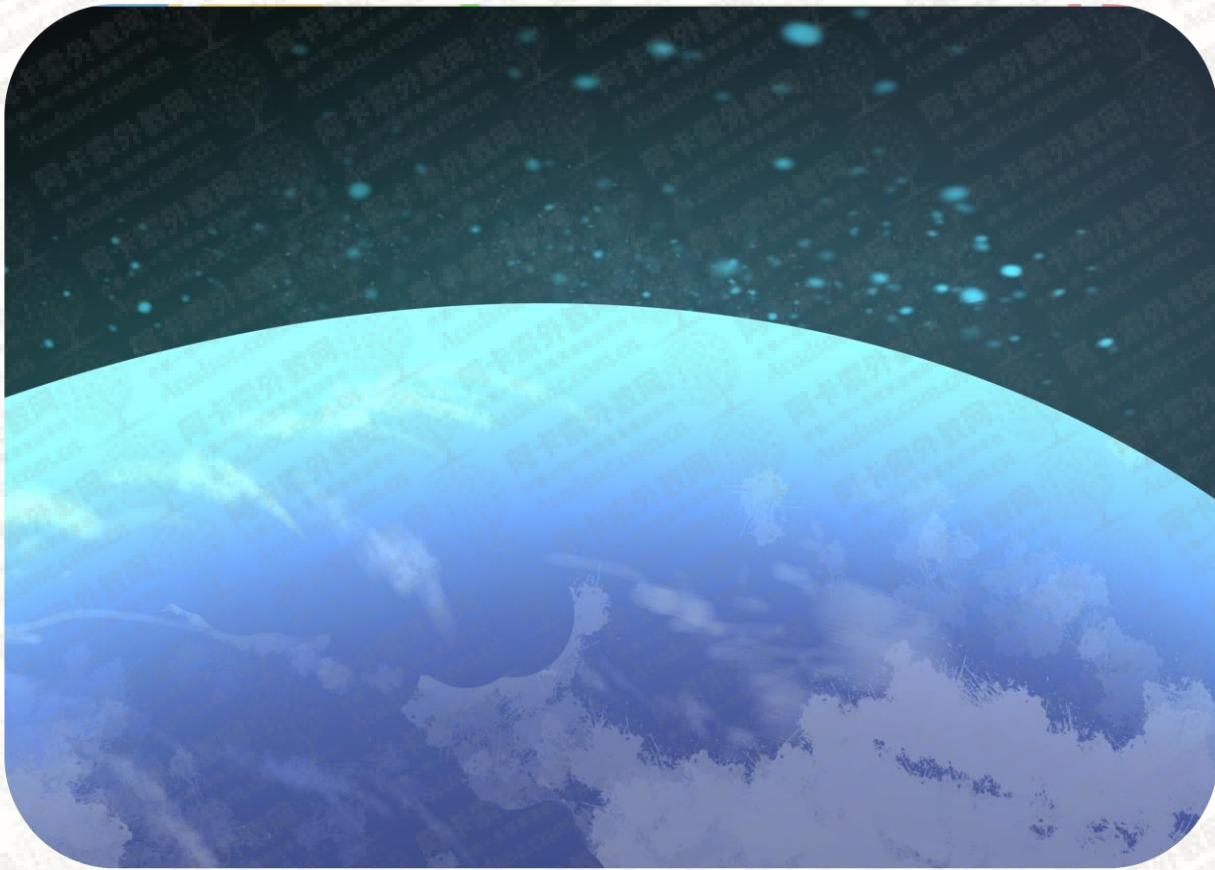

clockwise

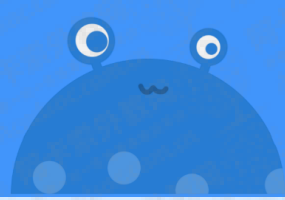

Look and read.

The Blue Planet

Earth is called the Blue Planet. Do you know why? The Earth looks blue from space because there is water on 70% of our planet.

Look and read.

The Blue Planet

Sometimes there are storms over warm ocean water. These are hurricanes. The wind is very strong, and it blows in a circle. North of the equator, hurricane winds blow counterclockwise. South of the equator, the winds blow clockwise.

Look and read.

- ① form: 形成
- ② moist: 潮湿的

The Blue Planet

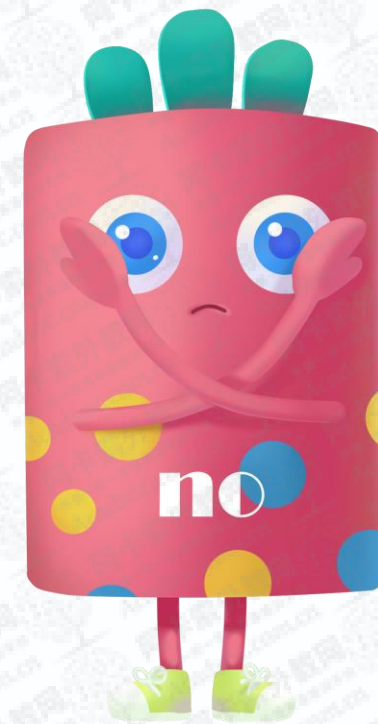

Hurricanes **form**^① at the equator. It is very rainy and **moist**^② there. There are many different animals and beautiful plants.

Part 3 Let's Play

1. Yes or no? Act and correct.

Earth is called the Blue Planet.

TI: If it's wrong, ask S to say the right sentence. Find the key on the next page.

Part 3 Let's Play

Key

Earth is called the Blue Planet.

Part 3 Let's Play

1. Yes or no? Act and correct.

Sometimes there are storms
over warm ocean water.

TI: If it's wrong, ask S to say the right sentence. Find the key on the next page.

Part 3 Let's Play

Key

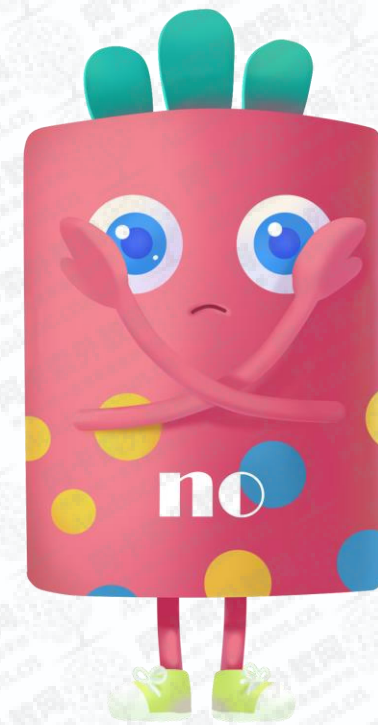

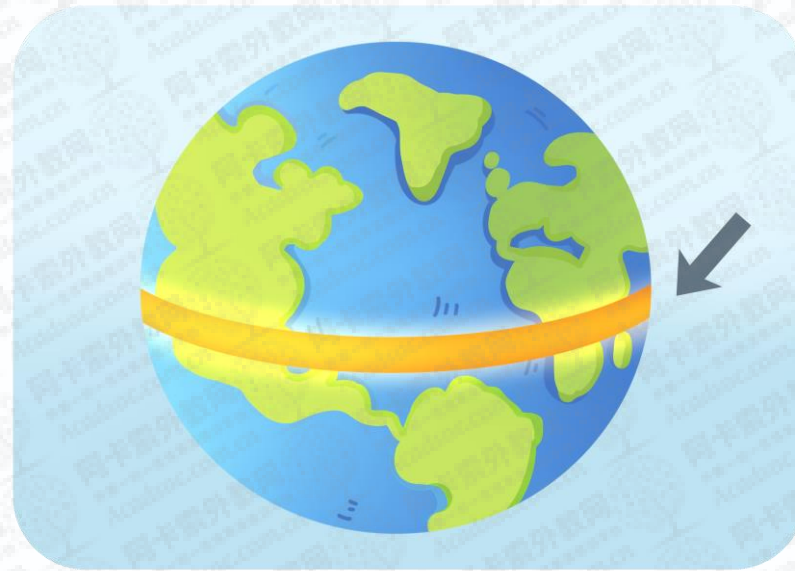

Sometimes there are storms
over warm ocean water.

Part 3 Let's Play

1. Yes or no? Act and correct.

Plants do not grow at the equator.

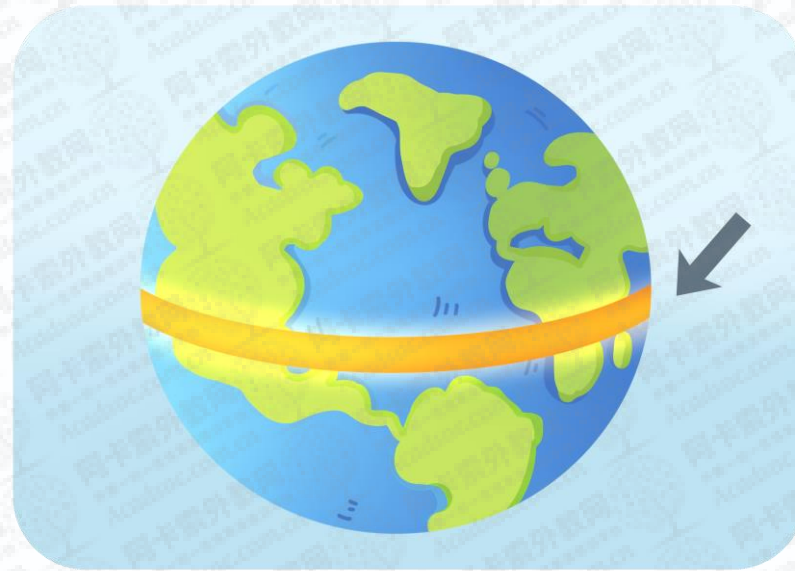

TI: If it's wrong, ask S to say the right sentence. Find the key on the next page.

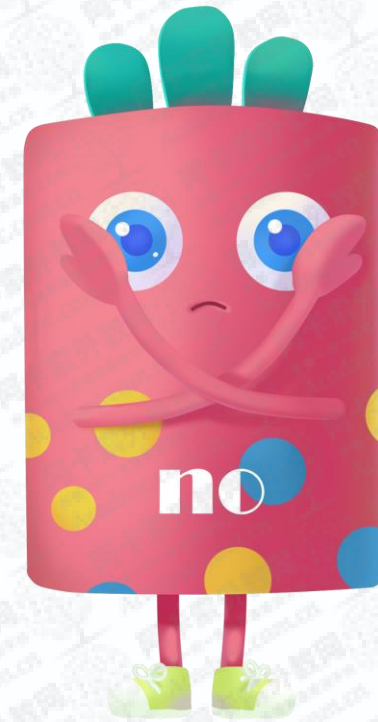

Part 3 Let's Play

Key

Plants do ~~not~~ grow at the equator.

Part 3 Let's Play

2. Look, read and check.

1. Why is Earth called the Blue Planet?

☐

Because it's in space.

☐

Because there is water on 70% of the planet.

2. How do hurricane winds blow north of the equator?

☐

clockwise

☐

counterclockwise

Tip: Find the answers on the next page.

Part 3 Let's Play

Key

1. Why is Earth called the Blue Planet?

☐

Because it's in space.

☒

Because there is water on 70% of the planet.

2. How do hurricane winds blow north of the equator?

☐

clockwise

☒

counterclockwise

Part 3 Let's Play

2. Look, read and check.

3. How do hurricane winds blow south of the equator?

☐

clockwise

☐

counterclockwise

4. When are these storms over warm ocean water?

☐

always

☐

sometimes

☐

never

TI: Find the answers on the next page.

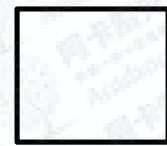

Part 3 Let's Play

Key

3. How do hurricane winds blow south of the equator?

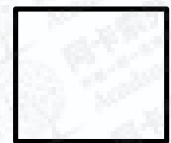

clockwise

counterclockwise

"South of the equator, the winds blow clockwise."

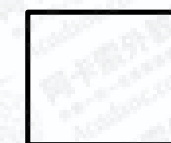

4. When are these storms over warm ocean water?

always

sometimes

never

"Sometimes there are storms over warm ocean water."

Part 3 Let's Play

2. Look, read and check.

5. What are hurricane winds like?

☐

strong

☐

weak

☐

moist

6. How do hurricane winds blow?

☐

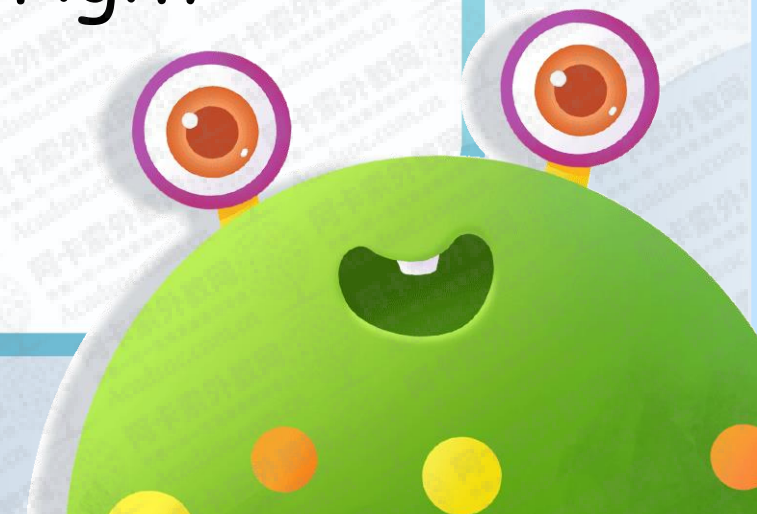

to the left

☐

in a circle

☐

to the right

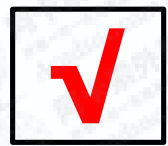

Tl: Find the answers on the next page.

Part 3 Let's Play

Key

5. What are hurricane winds like?

strong

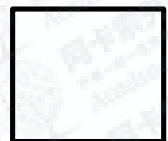

weak

moist

"The wind is very strong ..."

6. How do hurricane winds blow?

to the left

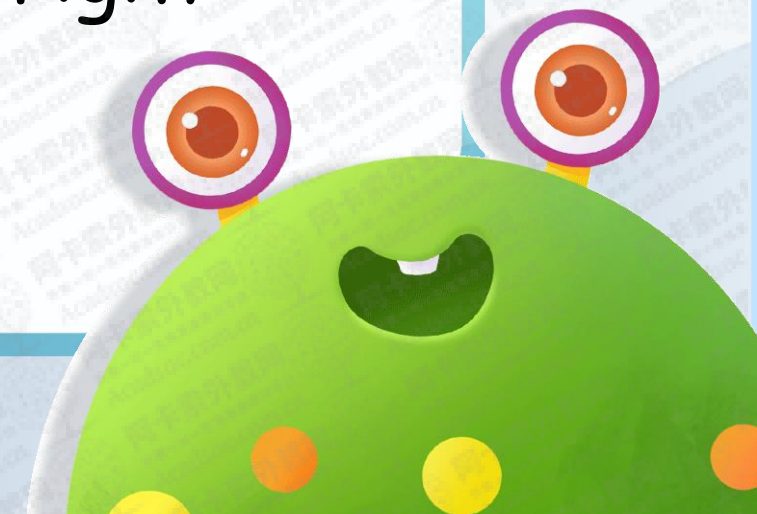

in a circle

to the right

"... and it blows in a circle ..."

Part 3 Let's Play

3. Read, choose and say.

water / circle / hurricanes / Earth / strong / planet / space / blue

_____ is called the Blue Planet. Do you know why?
The Earth looks _____ from _____ because there is
_____ on 70% of our _____.

Sometimes there are storms over warm ocean water. These are _____. The wind is very _____, and it blows in a _____.

Tip: Find the answers on the next page.

Part 3 Let's Play

Key

water / circle / hurricanes / Earth / strong / planet / space / blue

Earth is called the Blue Planet. Do you know why?
The Earth looks blue from space because there is
water on 70% of our planet.

Sometimes there are storms over warm ocean water. These are hurricanes. The wind is very strong, and it blows in a circle.

Part 3 Let's Play

3. Read, choose and say.

animals / counterclockwise / moist / equator / clockwise

North of the equator, hurricane winds blow _____.

South of the _____, the winds blow _____.

Hurricanes form at the equator. It is very rainy and _____ there. There are many different _____ and beautiful plants.

TI: Find the answers on the next page.

Part 3 Let's Play

Key

animals / counterclockwise / moist / equator / clockwise

North of the equator, hurricane winds blow counterclockwise.

South of the equator, the winds blow clockwise.

Hurricanes form at the equator. It is very rainy and moist there. There are many different animals and beautiful plants.

Part 3 Let's Play

4. Think and talk.

1. Do you live north of the equator or south of the equator? How will the hurricane winds blow here?
2. Have you seen hurricanes? How did it look like?

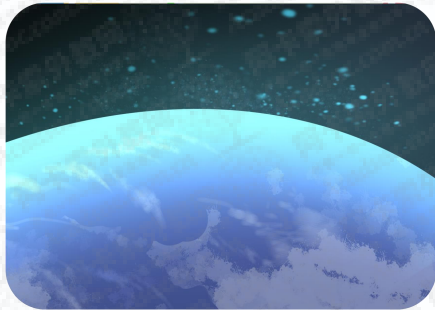

Our earth is so beautiful,
we should protect her.

Part 4 Review

Look and read.

The Blue Planet

Earth is called the Blue Planet. Do you know why? The Earth looks blue from space because there is water on 70% of our planet.

Sometimes there are storms over warm ocean water. These are hurricanes. The wind is very strong, and it blows in a circle. North of the equator, hurricane winds blow counterclockwise. South of the equator, the winds blow clockwise.

Hurricanes form at the equator. It is very rainy and moist there. There are many different animals and beautiful plants.
