Learn How to Juggle

Have you ever wished you could juggle? Here we'll learn how to juggle.

First, toss one ball for a while to get the feel of juggling. Start throwing ball 1 from one hand to the other. It's easy, but don't be careless. The ball should come to eye level or higher.

Next, use a pair of balls. Take the balls in your right hand. Toss ball 1, and before you catch it, toss ball 2 and catch it. Practice until this simple movement becomes comfortable.

At last, we'll try to juggle three balls. Hold balls 1 and 3 in your right hand and ball 2 in your left hand. Throw ball 1 to your left hand and before you catch it, throw ball 2 to your right hand. Before you catch ball 2, throw ball 3 to your left hand. When ball 2 is in the right hand, catch ball 3. Repeat and practice a lot and you'll be a juggler!
